This was previously a YMCA, opened with the help of the YMCA of the USA, and is becoming active again and seeking partners. European Representation

Karin Hammar reported. Kie Cummings and Gerard Tosserams are actively searching for ways to raise the profile of Representation. Peter stressed the importance of the impact that YMCA Europe is playing in the European structures. Already YMCA Europe issues were well received and incorporated in the EU Strategy 2020.

Finances

Ed Eggink reported. Report received. There is a deficit forecast, and also income funds have been decreased compared to last year due to the economic crisis. Not all National Contributions for 2009 have been paid and outstanding debts will be discussed with the member Movements concerned. The Friends of Europe campaign is bringing good results but needs to expand.

YMCA Portugal has continuously not paid their contribution to YMCA Europe and a big effort on communicating to seek a solution has been carried out by the Executive Committee, but with no result. The Executive Committee of YMCA Europe has unanimously decided to withdraw YMCA Portugal's voting rights, according to the Article 10 of YMCA Europe Constitution ("Obligations and Sanctions"). Their voting rights can be restored once their debts have been covered.

YE Role and Strategy

Michal Szymanczak reported on an evaluation of the goals of the existing strategy. At some points such as Resource Mobilisation a lot more was done than what was planned, where others have not been so successful. A more detailed evaluation will be presented at the General Assembly.

YMCA Europe Role and Strategy 2011-2016: Johan Vilhelm organised a brain-storming discussion on the new strategy and all ideas of the Executive Committee have been noted down. The procedure of renewing the strategy will include a key people (Movement Development, Programme Groups, World Alliance, Executive Committee, Staff, etc.), as well as being shared with National Movements before the next General Assembly.

Recourse Mobilisation

Johan Vilhelm reported. Generally we are satisfied but it will take time to see the success in numbers.

The methodology that has been used so far for mobilizing resources was:

- Fundraising seminars
- Themes and discussion groups at the General Assemblies
- Expert teams assistance (YERT)
- Professional fundraiser
- Field Staff working on fundraising
- Success stories

YMCA Europe Training Centre

World Alliance and Global Operating Plan

Johan Vilhelm reported. The Global Operating Plan in will continue to be a priority in the World Movement for the following years.

General Assemblies

The Theme of the General Assembly 2010 is "Now". Since two years we have been talking about branding, resource mobilisation and "Now" is the time to take action. An important part of this assembly will also be the election of new Executive Committee members.

The evaluation of General Assembly 2009 generally has been very positive. The next assembly will take place 1-5 June 2011, at Ernst Sillem Hoeve, The Netherlands.
